Forecast For Grampian
Issued by Met Office Aberdeen
at 0400 on Sunday 05 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather cloudy, some showers.

Today:
Rather cloudy with some showery rain for a time, especially over eastern Aberdeenshire. It will become mainly dry again later, perhaps some late brightness in the west, .Cold though fresh northerly winds gradually easing down. Maximum temperature 6 deg C (43 deg F).

Tonight:
Some clear spells over inland Aberdeenshire and Moray allowing a frost to form. Then cloud thickening overnight, with some rain and, on high ground, a little snow developing. Minimum temperature -2 deg C (28 deg F).

Monday:
Cloudy at first with outbreaks of rain, with snow on the hills, then brightening up from the west with some sunshine, perhaps the odd wintry shower over Upper Deeside. Maximum temperature 5 deg C (41 deg F).

Outlook for Tuesday to Thursday:
Bright start Tuesday then heavy rain, with heavy snow on high ground, with easterly gales. Showery on Wednesday, hill snow. Bright start Thursday, rain later.
